

Why join Aylward Academy?

the student voice.

Helin

“The Art department has allowed me to reach my potential. The resources and the academic support has allowed me to develop my skills”

Muhamadou

“The school gave me the chance to work with younger students in the school, this improved my public speaking and has given me work experience”

Yi-Fang

“Teachers here are really supportive, they are always there for us. They support us through difficulties like settling into a new school or new culture”

Diane

“I am always encouraged and supported to catch up on any work I miss. Teachers try their best to work hard for the students to ensure everything is done to the best of my ability”

Finn barr

“Aylward provides a lot of support to help students make decisions on their future. Some of the events they have put on and the many links they have with Universities and other organizations have been invaluable in preparing me for when I leave.”

Halimo

“I really appreciate the amount of support available to students, I feel like the teachers really care about my academic progress but also about me personally”
